

Weekly Literature Update Bulletin

SafetyLit is a free service of the
SafetyLit Foundation
in collaboration with San Diego State University and the
World Health Organization.

26 October 2014
Volume 17, Number 43
ISSN 1556-8849

<http://www.safetylit.org>

Click on the title of a report to view the full citation and abstract.

Abstracts of these reports are available now
421 unique articles this week

Is this pdf version too cluttered and too long? There are alternatives:

- 1) You may want to view the [Web Version](#).** This allows you to select tick boxes to only see items in the categories that meet your interests. This is also the best version for users with a slow internet connection. The web version renews each week. Use the PDF version menu if you want to view past weekly Update Bulletins.
- 2) Try using the [My SafetyLit](#) tool.** Register to log in and automatically find articles on the topics you want, week after week, after you set your preferences the first time. The My SafetyLit selections are currently limited to a few options. However, soon the options and limits will allow you to fine-tune the weekly update to closely match your needs.
- 3) Consider subscribing to one or more of the SafetyLit RSS feeds.** An added benefit to the RSS subscription is that you can read the update in near real-time (as items are entered into the database) or as infrequently as once a month without missing anything.

The SafetyLit Foundation has been designated a not-for-profit 501(c)(3) public charity by the US IRS
Please consider making a donation to support the costs of operating SafetyLit
