Click on the title of a report to view the full citation and abstract.

**Abstracts of these reports are available now
737 unique articles this week**

Announcing Two New Categories This Week Traumatic Brain Injury Prescription Drug Diversion / Overdose

This week there are two new categories to help SafetyLit readers who wish to focus on only one or two areas of interest. With the renewed interest within the Centers for Disease Control and the World Health Organization on prescription drug diversion and overdose and on traumatic brain injury SafetyLit has been working to accommodate these specialties. Further, with our new metadata sharing agreement with the WVU-ICRC this seemed to help to further that relationship.

Announcing Improvements to SafetyLit RSS Feeds

This week with the addition of the new content categories we announce the availability of these articles via our revitalized RSS feeds. With the near completion of Zotero 5.0 and its RSS import feature it will be possible to, within Zotero, subscribe to SafetyLit RSS feeds and selectively import items directly into your bibliographic library for use when authoring manuscripts. This will be an extraordinary work and time saver. No matter what you are currently using for bibliography management you should consider switching to the free Zotero 5 once it is out of beta. SafetyLit has been using the 5.0 public beta to capture publisher feeds to facilitate the entry of article metadata into the SafetyLit database and this Zotero feature led to our own efforts to improve the usefulness of the SafetyLit RSS feeds. More information will be available soon on this revolutionary change in bibliography and citation management. (Yes, I said revolutionary and free.)

« Please ask your library to include SafetyLit in its listing of literature databases »

The SafetyLit Foundation has been designated a not-for-profit 501(c)(3) public charity by the US IRS.
Please consider making a donation to support the costs of operating SafetyLit

Click the button below

“Thank you” to those who have already donated to support the current campaign.

If you are going to buy something from Amazon.com anyway
please consider buying through Amazon Smile and using the following link
<http://smile.amazon.com/ch/46-3470743>
0.5% of your purchase will be donated to the SafetyLit foundation.
Amazon does not increase the cost of items purchased through the Smile Program.

Age: Adolescents

"I wonder what age you grow out of it?": negotiation of recreational drug use and the transition to adulthood among an Australian ethnographic sample
